TWO-DAY AUTO TRIP TO LAND HARDING HOME

Republican Nominee and
Life Take Lunch in Shoe
Box on Leaving Capital.

WORKS GIVES COUNSEL

Former Senator Suggests
White House Reforms in
Letter to Candidate.

Cumberland, Md., July 3.—
Senator Warren G. Harding,
Republican candidate for Pres-
ident, and Mrs. Harding arrived
here tonight, ending the first
lap of their motor trip from
Washington to their home in
Marion, Ohio.

(Public Ledger Service.)

Senator Warren G. Harding, Re-
publican nominee for the Presidency,
at Washington yesterday afternoon
return to his home in Marion,
Ohio, where his campaign will be
conducted from now on from the
rich of the simple residence which
has been his home for a score of
years.

The automobile carrying Senator
Harding, Mrs. Harding and Jimmie
Sloan, the candidate's bodyguard,
was accompanied by a motor truck
bearing the personal possessions of
the Hardings, and by two cars filled
with newspaper men.

It is expected that the party will
reach Marion sometime Monday,
for Senator Harding says that he has
often made the trip in a machine
on two days, and that it has been
his custom since coming to Wash-
ington to use his car instead of the
railroads.

The first stop was to have been a
side one, Mrs. Harding having
taken a shoe box lunch of sand-
wiches prepared for the party to
eat along the way. The night stop
was scheduled for Cumberland, Md.,
and all of Sunday will be spent in
driving from Ohio toward Marion
and the welcome that his homefolk
tend to give the nominee on July 5.

mus and Alice Clark had arrived

Peace Party Reaches Brussels For Two Days' Conference Before Moving on to Spa

By WYTHE WILLIAMS.
(Washington Herald-Public Ledger
Service. Special Cable Dispatch.)
Brussels, July 3.—The world's
only three-day traveling peace
conference arrived here for a two-
day stand before moving on to Spa,
where it may have a fortnight's
stay, the weather permitting.
At Spa there will be the fourth
ring added to the main hippodrome
for the German artists, while sev-
eral side shows for the neutral and
minor powers are advertised. The
picturesque villas which were the
scenes of recent performances at
San Remo, Hythe and Boulogne
have been abandoned in Brussels
in favor of a palace—the Palace of
Academies, so-called, which during
the war the Germans used, some-
what as a hospital, but largely as
a stable.
Reasons have never been assign-
ed for the conference shifting from
place to place, but Belgium, which
this time draws the lot for having
a ringmaster in the person of its
premier, is also permitted to pay
the conference's bills.
Find Belgium Semi-Pussyfoot.
Inasmuch as there was nothing
in yesterday's official communiqué
that had not been handed out be-
fore, the most important item of
news concerns the stunned por-
tion of the delegation over the fact
that Belgium recently went "semi-
pussyfoot," as the English say, and
that they never heard of it. It is a
fact, nevertheless. While champagne,
bordeaux, burgundy and beer flow
freely, there is not a drop of hard
stuff, or cocktails. All of which
causes much reflection on what Eu-

N. Y. GOVERNOR TO RUN AGAIN

Smith Expects Victory Un-
less McAdoo Handicaps
Campaign.

San Francisco, July 3.—Alfred
the question of his renomination
for Governor of New York, his
friends declared here today, when
it appeared William G. McAdoo
had lost all chances of being nomi-
nated for the Presidency.
Smith has been non-committal on
the question of his re-nomination
for the reason his decision depended
on the outcome of the Democratic
national convention. He is said to
have told friends that he would not
run if McAdoo was on the national
ticket because he felt that McAdoo
would be a handicap to him in New
York, where he would swamp him by
at least 300,000 votes.

Delegates from New York in this
convention assert today Smith be-
lieved he would carry his State with
Cox heading the national ticket.

The New York delegation came to
San Francisco determined to do
one thing and that was to see that
McAdoo was not nominated.
"We had two reasons for wanting
to defeat him," one delegate said.
"In the first place we want Smith
for governor again and in the sec-
ond place we wanted to get even
because McAdoo had called New
York Democrats a lot of rough
necks."

cident. The principal speech was

tween 20 and 25 persons are re-
ported to have been killed, and
from 50 to 75 injured tonight
when a two-car limited train
on the Laurel, Pa., line crashed
into a three-coach train
loaded with excursionists bound
from the Caledonian picnic at
Rocky Glen, near the south
Pittston station.

At the city hospital, Pittston,
it was stated that 60 injured
people are lying on cots in the
building and that every doctor
in Pittston and vicinity had
been called upon for assis-
tance.

Seventy cots were requisi-
tioned from Pittston national
guard. Eighteen bodies have

YOUNG TURKS PLAN ATTACK

Mustapha Kemal Reported
In Pact With Feisal
Against Allies.

(Washington Herald-Public Ledger
Service—Special Cable Dispatch.)
Geneva, July 3.—A general coun-
cil of the Young Turk Nationalist
party, which is being prepared by
Mustapha Kemal who has left headquarters
at Ankara to assume personal com-
mand of the army, according to re-
ports from Constantinople. It is
likewise stated on good authority
that Mustapha Kemal dispatched
envoys to Emir Feisal of Arabia
in order to induce him to join the
Islamic movement and march
against the allies.

A secret agreement is reported to
have been concluded in which Feisal
has been solemnly recognized by the
Turkish nationalist leader as "King
of Syria." There are many signs
that the defection of Feisal—Brit-
ain's most faithful Eastern ally dur-
ing the war—is imminent unless the
Greek victories dampen his ambi-
tion.

Cox's Spurt on Twelfth Ballot Sensation of Struggle For Nomination at San Francisco

By WILLIS J. ABBOT.
(Staff Correspondent.)
San Francisco, July 3.—Twelve
ballots, three more than were neces-
sary at Chicago, passed before the
first indications of a break in the
lines of the leading candidates ap-
peared. Then with the call of
Illinois came the session's first sen-
sation.

"Forty-four, Cox," responded the
chairman, and the switch of Pal-
mer's thirty votes to the Ohio gov-
ernor set the convention wild. It
was the signal for one of those
breaks in alignment which usually
precede the conclusion of a close
contest. And when a minute or two
later Iowa's chairman cast for Cox
the twenty-six votes of that State,
which had hitherto gone for Palmer,
turmoil broke out again. But the
chairman was evidently out of ac-
cord with his delegation for after
a brief controversy the State was
passed. A poll of the delegation at
the end of the rollcall resulted in
showing sixteen for Cox and ten for
McAdoo. The Iowa convention hav-
ing adopted the unit rule the entire
vote was credited to Cox.
